

Youth Hub

We are delighted to announce further funding of £3,250 for the youth hub at the Burradon Community Centre and the funds were donated by North Tyneside Council's Wellbeing and Community Investment Funds and the Hospital of God at Greatham.

The funds will be used to purchase new equipment, arrange new activities and hold a girls group to provide a range of specially designed sessions which will provide an opportunity to discuss issues affecting young people.

Gladys and Irene two of the younger members of the youth hub

The youth hub has been a great success since it was opened in October 2011 which is attributable to commitment and dedication of North Tyneside Council's Youth Services Team, Hannah Turnbull, Stephen Black and the volunteers who supervise the sessions.

At present there are in the region of 80 children attending the two sessions on a Friday evening which is unprecedented in North Tyneside. Children interested in attending the youth hub should contact either Hannah Turnbull or Stephen Brown at the Burradon Recreation Centre or telephone 0191-6437040.
