Petition

"We the undersigned, the residents and community of Burradon and Camperdown hereby petition North Tyneside Council to review the premises licence of the Halfway House, Station Road, Camperdown, Newcastle upon Tyne.

The Halfway House has been the focus of persistent and serious criminal and anti-social behaviour for a considerable number of years which we attribute to the inappropriate and ineffective management of the premises. The quality of life of the residents living in the immediate vicinity of the premises and the wider community has been affected and undermined as a consequence of the incidents of anti-social behaviour.

It is the view of the community that the permanent closure of the Halfway House is the only solution to resolving the problem and to restore the reputation of the village and community."
